

HOW LONG MUST THEY WAIT?

After she came to Christ, Salome had to wait 12 years for her own Bible.

Can you imagine living in this uncertain world without the foundation of God's Word?

The Reality

Political, religious, cultural, or economic barriers keep 4 billion people from having a Bible. Among these are 400 million Christians who don't have Bibles.

But you can help change that. Through partnership with the Bible League, you can provide Bibles to Bible-less people.

The Answer

Wherever there is a desperate need for Bibles, the Bible League wants to be there. The hard places. The broken and immoral places. The dangerous places. The poor and forgotten places.

You know how the Bible has changed your life. Won't you provide that opportunity for someone else?

There are people like Salome all over the world. People who desperately need Bibles. Every \$4 you give will place a Bible in the hands of people waiting for His Word.
