

HOW CAN THEY UNLOCK THE MYSTERIES OF GOD'S WORD?

Pastor Ma has a deep desire to serve God's children. That's why he walks 25 miles every week to lead worship services in seven house churches. He has no formal Bible training, but owns a tattered, old Bible—a precious item in rural China.

Every day, Pastor Ma reads his Bible. Yet there are many passages he doesn't understand, and can't explain. So, when a Bible League-trained Christian visited Pastor Ma's village and gave him a Study Bible, it was a joyous surprise.

“He was so excited—he treated it like a new-found treasure chest!” exclaims the Christian. “He tells me that this tool has unlocked many difficult passages. I am convinced that we must do all we can to place this Bible into the hands and hearts of our pastors.”

There's a way for your church to do that—RIGHT NOW! Bible League has an urgent request from church leaders in China. **They need Study Bibles.** Your church can help their churches through a special collection. Together we can meet their needs.

NEVER

HAS THE NEED BEEN GREATER

There are as many as 60 million to 100 million Christians in China, with between 3.5 million to 4 million more new believers each year (thousands every day).

The Chinese government only allows in-country printing of 2.5 million Bibles per year. At that rate, there will not be any Bibles for at least one million new Christians every year.

There are only 70 independently-run Christian bookstores operating in China where Bibles are available. That's a ratio of one bookstore to every 18.5 million people.

Few Christians who attend house churches in rural areas have Bibles; fewer can afford one.

You long to help, but you're not sure how. Join us!

China's Christians need all types of Bible literature, including study Bibles, children's Bibles, and study materials for the training of emerging leaders. Bible League provides them on an ongoing basis. For more information, visit our website.
